

Environmental Policy

Premier Coatings Ltd has recognised that all business activities have environmental aspects. Therefore, top management has implemented an Environmental Management System following the guidelines of ISO 14001:2015 to control and continually improve the direct and indirect impacts of our activities and products on the environment.

Premier Coatings Ltd and all its employees are committed to continually improve our environmental performance and minimise adverse environmental impacts where practical. We will accomplish this by:

- Complying with all applicable environmental, health and safety legislation, regulation and statutes.
- Using natural resources wisely – including monitoring of energy use to improve efficiency whenever practical.
- Using processes, practices, techniques, materials, products, services or energy to avoid, reduce or control the creation, emission or discharge of any type of pollutant or waste, in order to reduce adverse environmental impacts.
- Integrating environmental consideration into business planning and decision making.
- Continually improving our environmental management system and performance through audits and periodic monitoring of key characteristics.
- Establishing and implementing measurable environmental objectives and targets through periodic monitoring of compliance obligations, aspects and impacts, risks and opportunities, interested parties and internal and external issues.
- Evaluating environmental objectives and targets through environmental management reviews to ensure improvement of environmental performance.
- Fully communicating this environmental policy to our employees and to any other interested parties on request.
- Providing full training, instruction and supervision for all our staff (where appropriate), together with adequate instructions and supervision of any sub-contractors working under our direction to ensure tasks are carried out in line with our environmental management system.

Mr. Steve. Crawley
Managing Director
Premier Coatings Ltd.
